# God is Real, but why so Unpopular?

How is it then, that with such clear and universal evidence, people don't believe in God?

Something happened! Consider Psalm 14:1-4a  
(Repeated in Psalm 53:1-4, and Romans 3:10-12)

What happened???

*Man suppressed the truth in unrighteousness*

*Romans 1:18*

Those that do so are *without excuse*

# God is Real, but why so Unpopular?

Man's indictment of suppressing God's truth is elaborated –  
Romans 1:19-20

THIS is how man became a fool and is able to declare “There is no God!!”

Since then, man is...

In utter spiritual darkness

Coming up with outrageous ideas about creation

Worshipping endless images of human origin

Imagining themselves to be wise, man became a complete fool
